

A Message from the Principal

Dear Parents, Guardians, & Friends,

Summer is a special time for all our students at Mary, Star of the Sea Early Learning Center. We provide quality early childhood education using the Montessori Method that supports the development of the whole child, while challenging our students to be 21st century learners. We are offering two, summer sessions for 2017. You may select one or both summer sessions offered. Each session will provide your child with a great learning experience, as well as safe, fun, and enriching environment. Each year a summer theme is selected that encompasses hands-on and academic activities. This summer, our theme is "All Aboard, Full Steam Ahead: Ships, Boats and Things that Float." Please feel free to call our office if you have any questions. We look forward to seeing you at the ELC!

Aloha, Lisa Foster,

Mary, Star of the Sea Early Learning Center Summer 2017 program consists of 2 sessions:

Session I: June 5 to July 7

Available to all new and returning students, and required for new Kindergarteners.

Session II: July 10 to August 4

Available to all new and returning students, and required for new Kindergarteners.

The 2017— 2018 school year will begin on August 21, 2017 for all new and returning students.

Mary, Star of the Sea Early Learning Center—Summer 2017

Our Philosophy

Our commitment at Mary, Star of the Sea Early Learning Center is to educate the whole child: spiritually, intellectually, physically, and personally. The curriculum is designed to be sufficiently flexible and varied, so as to provide the experience necessary to achieve these ends. Mary, Star of the Sea Early Learning Center exists to supplement the work of the parent in Christian education, and to foster in students a love of God and neighbor.

Our Purpose

The summer program at Mary, Star of the Sea Early Learning Center provides many opportunities for continual academic and social development. The summer program also is a time of orientation for new students in all divisions. Additionally, our summer program is highly recommended for all new students as it offers students the opportunity and time necessary to become familiar with the Montessori Method.

Our Program

A rich and exciting summer is planned for our students. Our 2017 summer curriculum will include the following:

- * Language Development/Enrichment
- * Math Enrichment
- * Social & Cultural Studies
- * Computer Literacy
- * STEAM Curriculum
- * Music and Art
- * Creative Movement & Drama
- * Fine & Gross Motor Development
- * Excursions & Special Activities
- * Water Play
- * Swim School
- * Day Care Enrichment Classes
